

KEY INFORMATION DOCUMENT

Purpose

This document provides you with key information about this investment product. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this product and to help you compare it with other products.

Product

PRIP Name: Enhanced Forward

PRIP Manufacturer: Lloyds Bank Corporate Markets plc (“Lloyds Bank”)

Call 0203 578 0064 for more information

Website: <http://www.lloydsbankcommercial.com>

Date of Production: 21/04/2025

You are about to purchase a product that is not simple and may be difficult to understand

What is this product?

Type: An Over the Counter (OTC) contract - Foreign Exchange Instrument

Objective:

The objective of this product is to manage adverse movements in currency rates that you may experience. Note that it may not provide you with complete protection against such exposures. The product achieves its objectives by Lloyds Bank agreeing the terms of an OTC contract with you under which you may exchange one currency for another at a fixed future date (Expiry Date).

Sample Parameters and pre-agreed circumstances and conditions are set out below for the sale of GBP and purchase of EUR:

Currency Pair	GBP/EUR	Ref FX Spot Rate	1.1852
Expiry Date	12 Months	Lower Trigger Rate	1.1175
Obligated Amount	EUR 10,000	Upper Trigger Rate	1.1635
Strike Rate	1.1174	Trigger Start Date	23/03/2026
Enhanced Rate	1.1631	Trigger End Date	21/04/2026

The product achieves its objectives as follows. If, at Expiry Date the FX Spot Rate is:

- If, at Expiry Date the FX Spot Rate has not traded above the Upper Trigger Rate (defined above) or below the Lower Trigger Rate (defined above) after the Trigger Start Date (defined above) and before the Trigger End Date (defined above) you will sell GBP and purchase EUR on the Obligated Amount (defined above) at the Enhanced Rate (defined above).
- If, at Expiry Date the FX Spot Rate has traded above the Upper Trigger Rate or below the Lower Trigger Rate after the Trigger Start Date and before the Trigger End Date you will sell GBP and purchase EUR on the Obligated Amount at the Protected Rate (defined above).

Intended Retail Investor:

This product is intended for retail investors with a short to medium time horizon who:

- (i) Have sufficient knowledge or experience with complex financial products; and
- (ii) Have exposure to the relevant foreign currency and want a level of protection against adverse movements in foreign currency exchange rates.

Term:

The term of the Enhanced Forward will depend on how long you wish to protect against adverse movements in foreign currency exchange rates and will be agreed with you before you enter into the product. The product is a bilateral agreement that cannot ordinarily be terminated unilaterally by either you or Lloyds Bank, unless certain events of default or other termination events occur. In this case early termination payments may apply, and you may incur significant losses.

What are the risks and what could I get in return?

Risk Indicator:

The risk indicator assumes you keep the product until the agreed Expiry Date. The actual risk can vary significantly if you cash in at an early stage and you may get back less. You may not be able to end your product early. You may have to pay significant extra costs to end your product early.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 7 out of 7, which is the highest risk class. This rates the potential losses from future performance at a very high level. **Be aware of currency risk. Where you receive payments in a different currency the final return you get depends on the exchange rate between the two currencies. This risk is not reflected in the indicator shown above.** This product does not include any protection from future market performance so you could incur significant losses. If we are not able to pay you what is owed you could incur significant losses.

Investment Performance Information

a) Factors likely to affect future returns

The factors affecting returns will also affect the product's performance. For this product, the Spot rate of the currency pair is the only factor affecting return. Your return will vary depending on how the Spot rate performs against the enhanced rate, strike rate and upper/lower trigger rate.

b) Most relevant Index

The most relevant index is the underlying currency pair Spot rate of the Enhanced Forward. During the trigger period and on maturity of the contract, the Spot rate directly affects the performance and the expected range of returns of the Enhanced Forward.

c) What could affect my return positively?

At the expiry date, if the currency you are purchasing strengthens against the currency you are selling so the Spot rate:

- has not gone to or through either the upper or lower trigger rates during the trigger period, and
- goes through the predetermined enhanced rate

then you can purchase currency at the enhanced rate which if exercised will cost you less compared to the prevailing Spot rate. Alternatively, at the expiry date, if the currency you are purchasing strengthens against the currency you are selling so that the Spot rate:

- has gone to or through the predetermined lower trigger rate during the trigger period, and
- goes through the strike rate

then you can purchase currency at the strike rate, costing you less compared to the prevailing Spot rate.

Either of these outcomes means that your return will be higher.

d) What could affect my return negatively?

If the currency you are purchasing weakens against the currency you are selling so that the Spot rate has gone to or through the upper trigger rate, during the trigger period, then you must purchase the obligated amount of currency at the at the strike rate which will cost you more compared to the prevailing market Spot rate. This means your return will be lower.

e) Performance in severely adverse market conditions

Foreign Exchange rates can be zero. Should this happen, you would pay for currency under the contract that would be valued at zero at the date of settlement. i.e. you would lose your investment.

What happens if Lloyds Bank Corporate Markets plc is unable to pay out?

You may be exposed to a risk that Lloyds Bank might be unable to fulfil its obligations in respect of the Enhanced Forward. The product is not protected by any local investor compensation or guarantee scheme. This means that if Lloyds Bank is unable to pay out, you may not receive any amount from Lloyds Bank under the product.

What are the costs?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the performance of the product. The total costs take into account one-off, ongoing and incidental costs. The amounts shown here are the cumulative costs of the product itself, over the recommended holding period. They include potential early exit penalties. The figures assume a nominal value of EUR 10,000. The figures are estimates and may change in the future.

Costs over time:

The person selling you this product may charge you other costs. If so, this person will provide you with information about these costs, and show you the impact that all costs will have on your investment over time.

Investment Scenarios
[EUR 10,000]

Total costs

If you cash in at the end of the recommended
holding period

EUR 130

Impact on return (RIY) per year1.34 % each year

Composition of costs:

The table below shows:

- the impact each year of the different types of costs on the performance of the product at the end of the recommended holding period;
- the meaning of the different cost categories.

The costs below are the maximum values shown and will vary depending on the underlying parameters of the transaction.

This table shows the impact on return per year

One-off costs	Entry costs	1.34 %	The impact of the costs you pay when entering your investment. This is the most you will pay, and you could pay less.
	Exit costs	0.00 %	The impact of the costs of exiting your investment when it matures.
Ongoing costs	Portfolio transaction costs	0.00 %	The impact of the costs of us buying and selling underlying investments for the product.
	Other ongoing costs	0.00 %	The impact of the costs we take each year for managing your investments.

How long should I hold it and can I take it out early?

Recommended holding period: This product is designed to be held to the agreed Expiry Date in order to match your investment requirement. It is a product designed to be entered into for its term and cannot be easily sold. Early termination may occur if certain events of default or other termination events occur, in which case early termination payments may apply.

Early exit impact: If the product is terminated early, in whole or in part, an Early Termination Payment may become payable by either you or Lloyds Bank. The Early Termination Payment is linked to market parameters and could be a substantial loss or gain to you. Settlement on early termination will be specific to your Enhanced Forward and will be influenced by a number of factors which include but are not limited to: whether it is an increasing or decreasing foreign exchange rate environment; the movement of the FX Spot Rate since the transaction Trade Date; the amount affected by the early termination.

The Early Termination Payment is not a penalty charge. The sum represents the economic value of what Lloyds Bank would have paid or received if the product continued as agreed. Depending on market conditions at the time of the early termination, the settlement calculated could result in a substantial amount being due from you to Lloyds Bank.

How can I complain?**Contact us**

Should you have any complaints about the product, the conduct of Lloyds Bank and/or the person selling the product, please follow the below steps:

- Include the following information so we can resolve your complaint as quickly as possible: as much information as possible about your complaint; any actions you wish us to take to resolve your complaint;
- Contact your Relationship Manager
- Call us on **0800 072 3572** or **+441733 462 267**
- Contact us online at <http://commercialbanking.lloydsbank.com/contact-us/>; or
- Write to us at **Lloyds Banking Group, Customer Services, BX1 1LT**
